### Samoyed teams in Switzerland

from notes by Heike Feigenspan, Team Kaneeli

A group of mushers from Switzerland, Austria, Germany, and Sweden have formed a syndicate for the sportive Samoyed. They had their first group meeting in Switzerland in April of 2009. Below is the view the dogs and mushers had. photo by Joachim Baier

Attending were 9 Sammy teams including the European Champion Sprint musher Ueli Gerber from Switzerland. On Saturday there were about 45 Samoyeds. Susann Kull, a breeder of Siberian Huskies and a judge, went over and discussed several of the Sammys that were present with the group.
